PTA Corner

"Kindness Week"

In an effort to promote open-mindedness, caring, tolerance and empathy among our students, the PTA sponsored "Kindness Week" in which the students discussed different aspects of kindness in the morning circle for the week. The emphasis was on how we can emulate the character of Prophet Muhammad (peace be upon him), specifically with forgiveness, peace, love, and helpfulness. The week culminated in the students wearing yellow to promote kindness and friendship. The "Great Kindness Challenge" was posted around the school, one for younger children and one for older children. An app can be downloaded for easier access to the Kindness Challenge by scanning the QR code below.

Thank you for your support and cooperation.

6th Grade English Scientific Fair

This week, 6th grade invited admin and mothers to attend their English Scientific Fair. It was a three-day event, beginning from Tuesday and ending on Thursday, November 21-23, 2017.

Unit 2 of this semester revolved around scientific discoveries. The students' summative assessment required them to inquire about and research a scientific discovery/invention, which impacted the world, and present their findings on tri-folds. As one section presented, the other attended, taking notes in the process. Everyone was impressed by the effort each student implemented to put together their findings in such an innovative and engaging way.
