"Our Mission"

Inspired by the principles of Islam, the mission of Dhahran Ahliyya Schools is to empower each student to be a compassionate, thinking, lifelong bi-lingual learner, who makes a positive difference locally and globally.

"Our Vision"

Our vision is to provide a world class education with an Arab and Islamic identity through a pioneering learning community that is sustainable and socially responsible.

Our school is supervised by the Ministry of Education and accredited by The Commission on Accreditation and School Improvement (NCA CASI)

Qiyas Test Results

Congratulations!

We proudly announce that our students in the Girls' section have won the top ranks in the Qiyas tests for General Aptitude for the academic year 2020/200 for the third time in a row.

Students who study Muqarrarat Stream within its two tracks (science & literature) have won the first rank on the eastern province level, **first rank**, countrywide, in Tahsili test results.

First rank in General aptitude on the eastern province level and **second rank** countrywide.

Students in the American Diploma stream won the fourth rank on the level of the eastern province, fifth rank countrywide in the General Aptitude Test.

They have achieved remarkable results due to the significant learning.

A note of appreciation to our principals, teachers, coaches and the admin staff, who greatly supported our students and their learning.

General Aptitude & Tahsili Training

In order to preserve the continuity of our students' progression in both of the General Aptitude and Tahsili Tests, Das has planned and presented training sessions for Tahsili Test that included the scientific subjects: (Math, Chemistry, Physics and Biology) for the 12th Grade students within both streams scientific Muqarrarat and American Diploma, in addition to General Aptitude test training within its two parts: (verbal and quantitative) for the 12th grade students, Literature Track, on Monday March 22nd, 2021, training was held during the school day.

DAS extend their warm gratitude to the teachers who were responsible for training: Arwa Eid, Ashwag Almalki, Jinan Abdelhamid, Samar Abu Abah, Nahid Behairi and Wafa Bin Sideeq.

Celebrating the Success of the Virtual Records Day Festival

Prophet Muhammed, may Allah bless him and grant him peace, said, "Allah does not thank the person who does not thank people." Therefore, we have honored the sponsors and the participants (companies, individuals and entities) of the Records Day Festival for the academic year 2020/2021, on Tuesday March 24th, 2021.

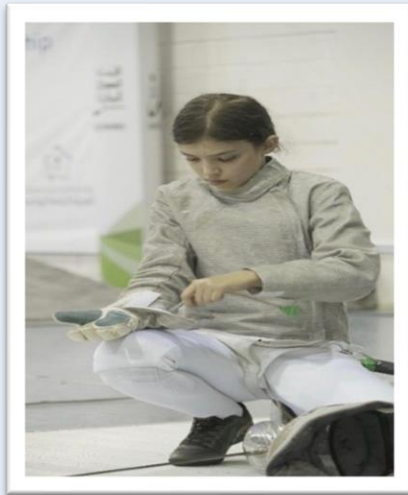

The Records Day Festival has been a success and has fulfilled its desired goals. It was held on Zoom Platform, under the patronage of Dr. Sally Al-Turki, Vice President of Dhahran Ahliyyah Schools.

Our students won advanced placements in the “silver tour” of the Kingdom's Fencing Championship (Ladies)

Within the “silver tour” of the Kingdom’s Fencing Championship (ladies) that was held on March 27th,28th, 2021 at the Sports Hall of Prince Saud Bin Jalawi Sports City in Rakah in Al-Khobar. Five students from DAS have been nominated to participate in the Kingdom's Fencing Championship (Ladies). We are so proud of our students who won high ranks countrywide.

Student	Rank	Level	Grade
Jana Al-Qadamani	3 rd – Bronze Medal	Épée – those above 15	9 th
Taleen Al-Qadamani	5 th	Sabre – those above 15	6 th
Alghaliah Al-Amri	5 th	Épée – those under 15	4 th
Farah Al-Shaikh	8 th		4 th

Congratulations to our students on their well-deserved success

Two of our students excelled at the Speech Competition

Students **Leen Alfarah from grade 11 & Siba Alabdajabbar from grade 10 diploma**, participated in the speech competition in English that was held virtually at KFUPM Schools on March 30th, 2021

We proudly announce that **Leen Alfaraj** has won the top ranks and obtained two awards, she won the first rank in the impromptu speech and second rank in the prepared speech.

Congratulations!

Community Projects (Part 3)

At the start of the year, the eighth grade student embarked on a wonderful journey of learning and exploration through completing the mandatory Community Projects course. A Community Project is an in-depth inquiry that focuses on community and service, and aims to help students raise awareness, participate actively, research, inform others, create/innovate, change behavior, or advocate. It encourages students to explore their right and responsibility to participate in service as action in the community.

Ms. Zeenath Unnisa supervises 4 projects:

- ***Let's Make Masks and Sanitizers!***: A [YouTube channel](#) and webinars teaching others how to create affordable homemade COVID-19 supplies, such as hand sanitizer and face masks. Project by Norah Albadr, Deemah Akram, and Kenda Aloyouni.
- ***A Virtual World of Educational Opportunities***: An [Instagram account](#) teaching people about different learning platforms. Project by Madhawi Althukair, Judi Almulla, and Latifah Alfayez.
- ***Earth Smurfs***: An [Instagram account](#) raising awareness about environmental sustainability. Project by Joud Bakhaibar, Tala Aljurashi, and Fatimah AlWazzan.
- ***Stay healthy, Stay Happy***: An [Instagram account](#) containing healthy recipes to help other people maintain a healthy and happy lifestyle. Project by Shahd Alsayegh, Jana Alanwah, and Laila Alkhalaf.

Ms. Ashwaq Almalki supervises 3 projects and they are:

- ***Academic Honesty for Kids***: A [YouTube channel](#) with a cartoon series to address the academic honesty for PYP students about plagiarism and cheating. Project by Aljouri Alrazezi, Jawaher Allbraheem, and Nora Alnahdi.
- ***Organic Fertilizer***: An [Instagram account](#) that contains information and steps for recycling spoiled materials into organic soil which is safe for the environment. Project by Norah Al Kharbeesh, and Shahad Almutlaq.
- ***The World of Mathematical Vocabulary***: Translating mathematical vocabulary for MYP students through [a website](#) that includes all the vocabulary in English and Arabic. Project by Saba Almulla, Nouf Almubarak, and Ghaliah Alassaf.

Thank You for Supporting Our Students

Please check the Schools' website regularly for any inquiries and appointments

Merging Design and Creativity

A design subject has been added to the MYP students through which students have grasped the link between innovation and design.

Throughout the creative design Course, students were able to generate and operate numerous ideas by forming initial models, try-outs, remodelling and adjusting.

This subject aims at fulfilling the human needs and assisting the process of problem-solving.

The design program also helped the students to develop practical skills, creative thinking strategies, critical thinking, and enhance their knowledge, understanding and skills, all that was evident in the students' work outputs, which were represented in our exhibition.

Students have come to appreciate the importance of the impact of design innovations on life, society, and environments, as well as past and present designs and those emerging in cultural, political, social, historical and environmental contexts.

Most importantly, our students have developed respect for the views of others, how to act with integrity, honesty, and take responsibility, which led to the development of effective work practices for them.

Sustainability and Social Responsibility

Based on our schools' mission and vision for focusing on the comprehensive and balanced growth of the student's personality in all fields, and as Dhahran Ahliyyah Schools are keen to contribute to sustainability and social responsibility to achieve social solidarity and developing the spirit for charitable work among the students. The graduates of the 35th class of 2021 constructed a water well in a Muslim country that suffers from water-scarce (Sri Lanka) instead of holding a graduation ceremony.
