World Teachers' Appreciation Day

The Messenger of Allah (ﷺ) said: "Indeed Allah, His Angels, the inhabitants of the heavens and the earths - even the ant in his hole, even the fish - say Salat upon the one who teaches the people to do good."

World Teachers' Day –October 5th- represents a significant token of the awareness, understanding, and appreciation displayed for the vital contribution that teachers make to education and development. For this occasion, every year we celebrate and thank all the teachers for their sincere efforts to enlighten the generations.

Practice Evacuation Plan

The practice evacuation drill was conducted on Tuesday, Sep. 1, 2017. On the previous week, the teachers discussed the instructions with the students. The students were well-trained theoretically about following instructions about maintaining order with moving out in order to avoid crowding during any evacuation.

The practice was successfully conducted and evaluated by DAS faculty, staff and the students, as well. Another practice will be conducted in the coming weeks to make the best use of the evaluation and the feedback provided for improvement.
