School Attendance - All Grades

At Dhahran Ahliyyah Schools we always guarantee the continuity and the efficiency of the educational process for all our students. Based on the instructions issued by the ministry of education that permit students to come to school at least one day a week, DAS decided to welcome students starting from the third week of the second semester for the academic year 2021 according to a detailed schedule for each grade.

We have implemented a number of precautionary measures to maintain everyone’s safety. It is important to note that we are inspired by all the feedback we receive from the parents and families of our students, which encouraged us greatly.
