DAS Brief

Our students achieved outstanding results in the STEPs Program at KAUST Academy. Faisal Al-Salama and Mishal Al-Harbi received Gold Awards in the Engineering Track, while Khalid Al-Zahed earned a Silver Award in the Science Track, and Mohammed Al-Akkas received a Bronze Award in the Science Track.

HRH Prince Saud bin Bandar bin Abdulaziz, Deputy Governor of the Eastern Province, welcomed DAS graduate Mohammed Alarfaj as part of a delegation of male and female students from the Eastern Province who were recognized with international awards in various academic Olympiads and competitions.

In partnership with Aramco, DAS welcomed our students on their first day with a warm and festive atmosphere, featuring photo booths and hospitality stations.

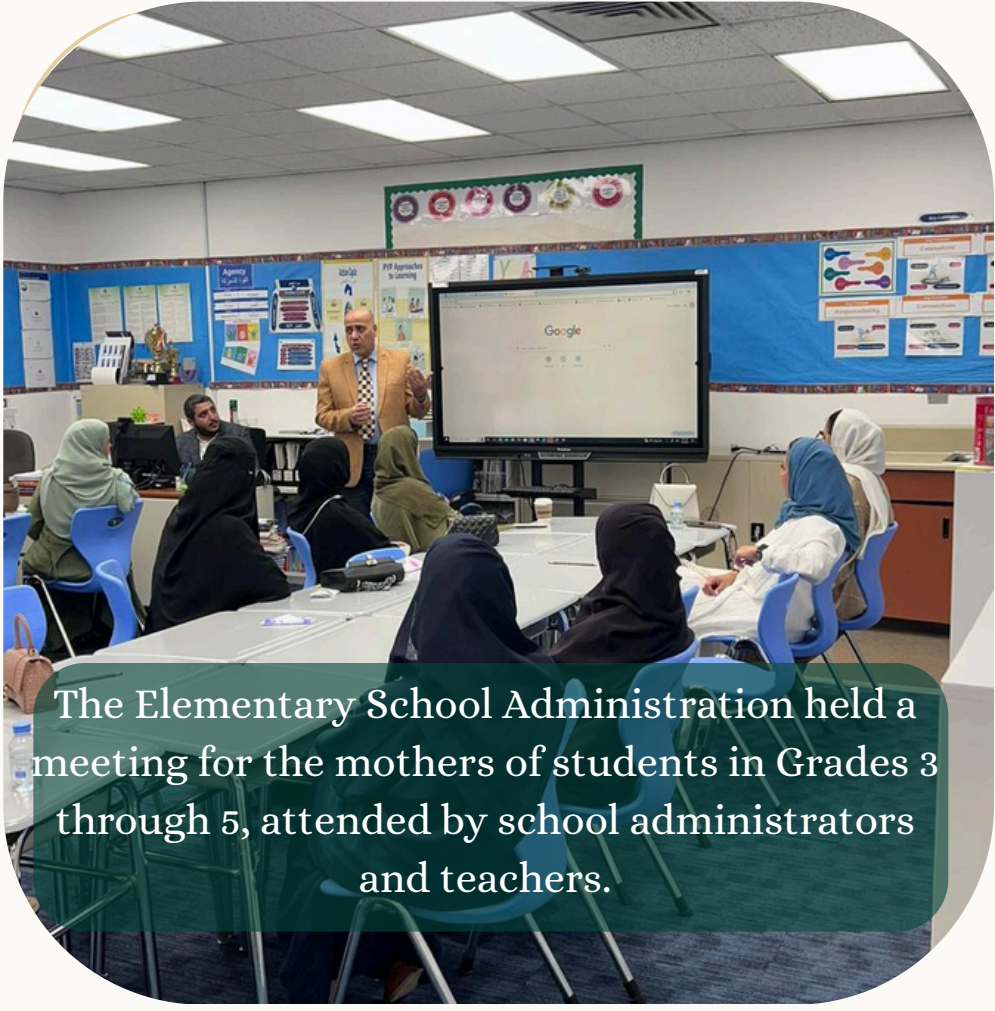

DAS welcomed Grade 3 students with a fun and engaging welcome program that included an introductory tour of the school's facilities and an opportunity to meet their teachers, along with stationery and small welcome gifts.

DAS welcomed new students in the Middle and High School sections, helping them settle in, feel connected, and begin their academic journey with confidence and enthusiasm.

The school administration recognized 63 outstanding students from Grades 8 through 12 in recognition of their academic excellence and achievements.

The Elementary School Administration held a meeting for the mothers of students in Grades 3 through 5, attended by school administrators and teachers.

The schools conducted an evacuation drill involving students and school staff, in accordance with approved procedures and guidelines.

Our school held a meeting with Grade 11 and 12 students to organize enrollment in elective courses within the American Diploma and International Baccalaureate programs.
