MISSION

Inspired by the principles of Islam, the mission of Dhahran Ahliyya Schools is to empower each student to be a compassionate, thinking, lifelong bilingual learner who makes a positive difference, locally and globally

VISION

Our vision is to provide a world-class education with an Arab and Islamic identity through a pioneering learning community that is sustainable and socially responsible

DAS Brief

In our 50th year, our schools celebrated another national milestone, receiving eight awards at the 2026 National Forum for School Excellence and earning recognition for the third consecutive year. This achievement reflects our educational leadership and commitment to quality education, stronger learning outcomes, and a culture of excellence and creativity where growth and innovation thrive.

Congratulations to our student, Ahmed Shalabi, on winning the individual "The Right Stuff" award at the HILCA 2026 International Space Camp in the United States.

Three student projects from our schools have qualified for the finals of the SAIF International Security and Technology Competition and Exhibition, taking place in Riyadh this November alongside leading innovators from around the world.

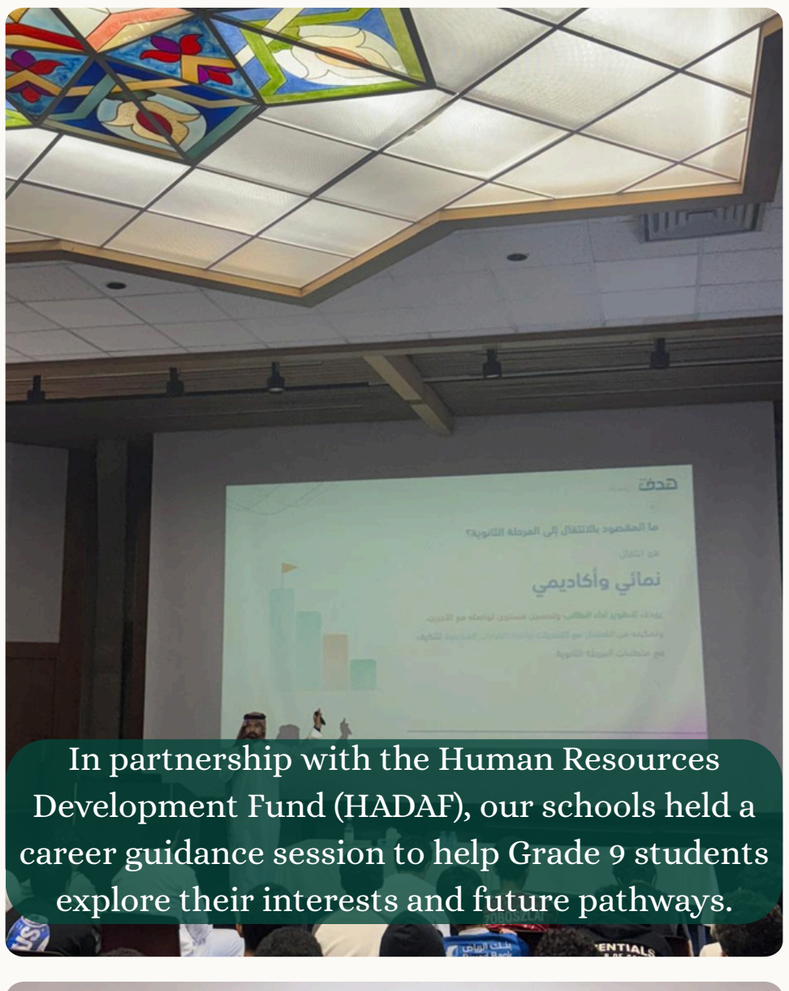

Our students Abdulaziz Badr, Amir Al Munayyan, Hussain Abu Hulaika, and Yousef Al Ghamdi won first place in the Eastern Province Rally Game competition.

Our elementary school basketball tournament wrapped up with friendly competition and plenty of excitement.

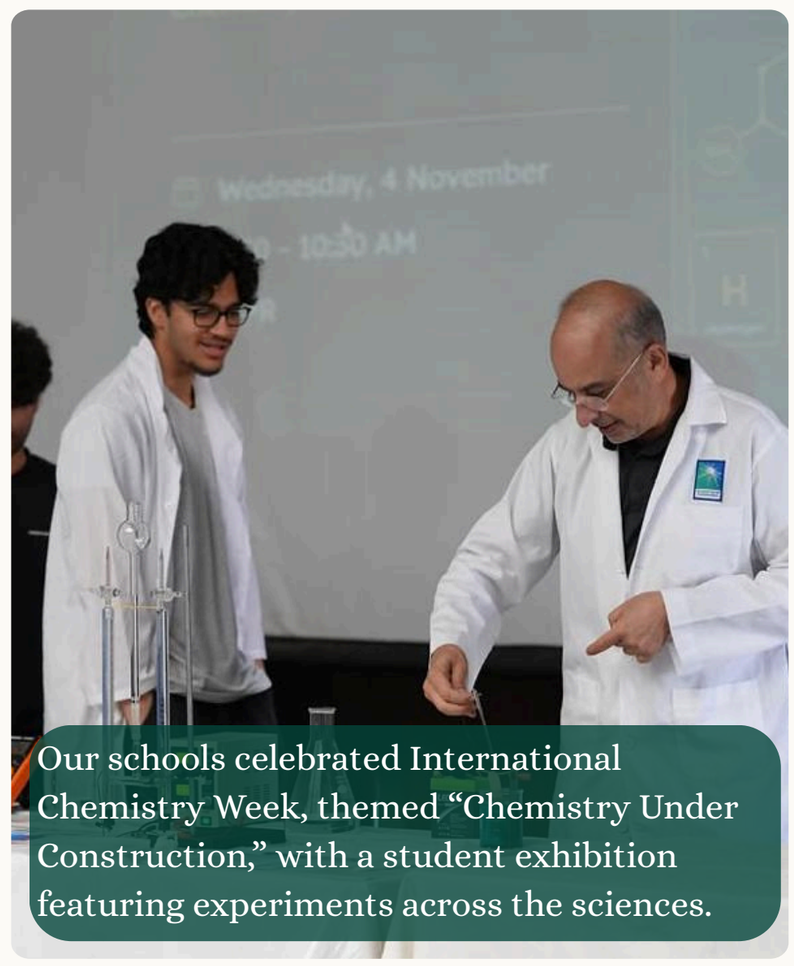

Talal Al Gosaibi, Mohsen Al Saqqaf, and Rayan Al Mubarak have advanced to the national stage of the “Ambassadors of the Nation” competition with their project, “Athar” (Impact).

In partnership with the Human Resources Development Fund (HADAF), our schools held a career guidance session to help Grade 9 students explore their interests and future pathways.

In partnership with the Eastern Province Traffic Safety Committee, our schools held a road safety awareness session for high school students.

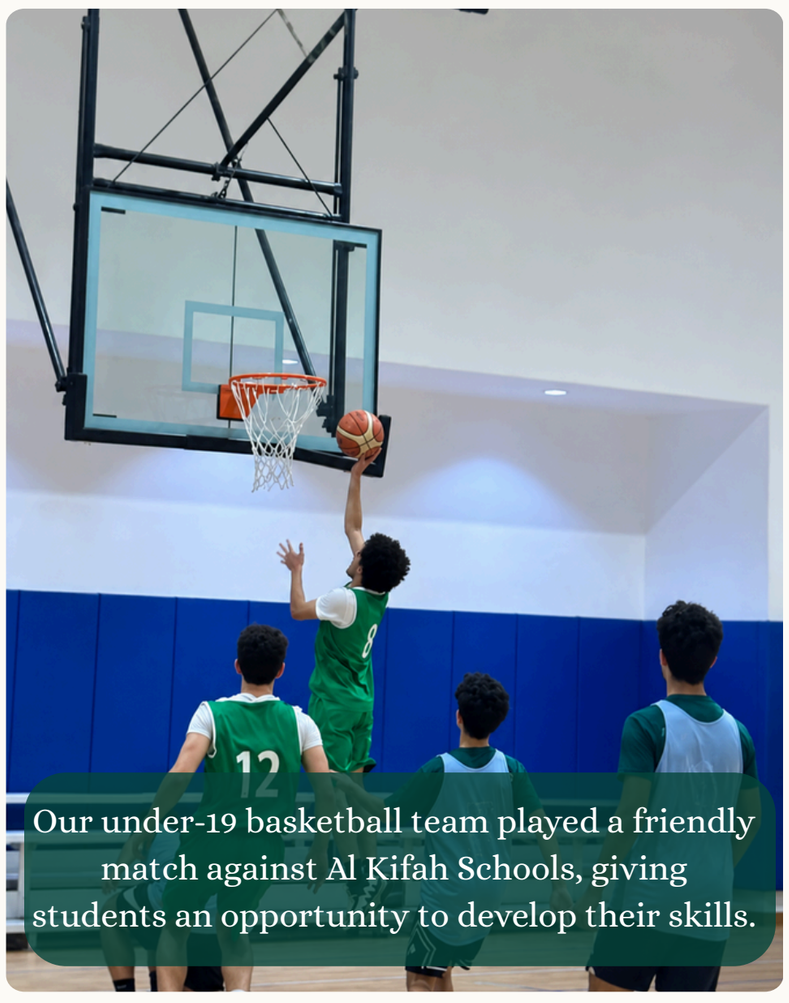

Our schools celebrated International Chemistry Week, themed “Chemistry Under Construction,” with a student exhibition featuring experiments across the sciences.

Our U19 basketball team played a friendly match against Saudi International School, helping students develop their skills.

Our Design Department organised a “Balloon Challenge” for Grade 7 students using Dash robots to develop robot control, strategic thinking, and teamwork skills.

Our under-19 basketball team played a friendly match against Al Kifah Schools, giving students an opportunity to develop their skills.

Important Reminders
