## AS IB LEARNERS WE STRIVE TO BE:

### Thinkers

We use critical and creative thinking skills to analyse and take responsible action on complex problems. We exercise initiative in making reasoned, ethical decisions.

### Caring

We show empathy, compassion and respect. We have a commitment to service, and we act to make a positive difference in the lives of others and in the world around us.

### Knowledgeable

We develop and use conceptual understanding, exploring knowledge across a range of disciplines. We engage with issues and ideas that have local and global significance.

### Open-minded

We critically appreciate our own cultures and personal histories, as well as the values and traditions of others. We seek and evaluate a range of points of view, and we are willing to grow from the experience.

### Inquirers

We nurture our curiosity, developing skills for inquiry and research. We know how to learn independently and with others. We learn with enthusiasm and sustain our love of learning throughout life.

### Reflective

We thoughtfully consider the world and our own ideas and experience. We work to understand our strengths and weaknesses in order to support our learning and personal development.

### Principled

We act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere. We take responsibility for our actions and their consequences.

### Balanced

We understand the importance of balancing different aspects of our lives—intellectual, physical, and emotional—to achieve well-being for ourselves and others. We recognize our interdependence with other people and with the world in which we live.

### Communicators

We express ourselves confidently and creatively in more than one language and in many ways. We collaborate effectively, listening carefully to the perspectives of other individuals and groups.

### Risk-takers

We approach uncertainty with forethought and determination; we work independently and cooperatively to explore new ideas and innovative strategies. We are resourceful and resilient in the face of challenges and change.

End of Unit Celebration, Girls Elementary School

Mr. Khalid Alturki  
Chairman of the Boards

Greetings and Best Wishes,

I would like to extend my warmest regards and best wishes to all our partners in success, including the members of the Advisory Board, Board of Directors, parents, faculty, staff, and our valued students.

I am delighted to present our annual report for the academic year 2024-2025. In this report, you will find a comprehensive overview of our significant accomplishments and activities. We review our successes in developing educational programs and creating a stimulating and innovative learning environment. We also highlight the remarkable achievements of our students across various fields and the essential role our faculty plays in guiding and nurturing their talents. Finally, you will find a detailed analysis of our academic, administrative, and financial performance, along with a review of the cultural, sports, and social events that have enriched our school community.

We believe that progress and success stem from teamwork and effective partnerships. Therefore, I would like to express my gratitude to everyone who contributed to our achievements for their collaboration and ongoing dedication to realizing our shared vision of educational excellence.

Thank you once again for your continued support. We are committed to working steadily to realize our future vision and provide exceptional and innovative education for our students.

Dr. Sally Al-Turki  
President  
Dhahran Ahliyya  
Schools, Numou  
Education Center and  
Dar Al-Kitab

Dear Students, Parents, Partners, and Colleagues,

It is with great pride and deep appreciation that we present to you our Annual Report for the 2024-2025 academic year, which highlights another year filled with accomplishments and milestones that reflect Dhahran Ahliyya Schools' ongoing journey of continuous improvement. This report is not only a summary of results, but a celebration of the collective effort of everyone who contributed to these achievements; our students, teachers, leaders, parents, and partners whose unwavering support continues to illuminate our path forward.

Each year, Dhahran Ahliyya Schools achieve excellent ranks in standardized tests at the national and global levels. Further, our schools have been honored each year as reaching the highest category in the National School Excellence Awards, a recognition that reflects exceptional quality in institutional performance and educational leadership.

Our students have also continued to excel in the fields of research and innovation, earning top placements in the National Olympiad for Scientific Creativity (Ibdaa). The winners at this level then go on to represent Saudi Arabia at the Intel ISEF (International Science and Engineering Fair) in the United States, where they have achieved prestigious global awards, including two first place wins this year, to make a total of 30 global awards and five special awards over the years through ISEF. Moreover, our students have represented the Kingdom in international Olympiads in Physics, Chemistry, Biology, Informatics, and Mathematics, earning seven silver and eight bronze medals after years of preparation and thousands of hours of training under the supervision of our teachers and of Mawhiba Foundation.

We are also pleased to share that over the past eight years (2018-2025), 25% (280 students) of our graduates have been accepted into the top 30 universities worldwide, according to the QS World University Rankings accredited by the Ministry of Education.

From the Class of 2025, 4% (6 students) were accepted into the Aramco College Preparatory Program, and another 4% (6 students) were accepted into KAUST (King Abdullah University of Science and Technology), maintaining our record of having the highest number of students accepted from a single school. In addition, 10% (16 students) from the Class of 2027 (currently in Grade 11) have been accepted into the Misk Fellowship Program for Excellence.

Beyond academic excellence, our students have made a meaningful impact through local and international community service initiatives locally through our clubs program and in Riyadh, Jordan, Greece, Japan, and Tunisia through the 11th graders Week without Walls. Through these life-changing experiences, they are living out our mission to empower every student to "make a positive difference locally and globally."

As we look toward the future, we expect to have even more success stories through our two new secondary level programs – the IB Diploma Program (DP), and the IB Careers Program (CP). Through these and our version of two Masarat secondary programs in the Saudi system, we reaffirm our unwavering commitment to fostering an inspiring educational environment that encourages creativity, intellectual curiosity, and social responsibility, an environment that enables every student to reach their fullest potential.

To all members of our community, our dedicated staff, supportive parents, and exceptional students: thank you for being a fundamental part of this remarkable journey. Your passion and belief in our shared vision are what make excellence possible and sustainability achievable. Together, we will continue to inspire and empower the next generation of leaders who will shape the future of our country and the world.

After its first year in the new structure, the Advisory Board's subcommittees continued to meet regularly throughout the year to pursue their goals and monitor ongoing initiatives. Two main board meetings were also held during the academic year, where each committee shared updates and presented progress reports on their achievements.

Dhahran Ahliyya Schools, as one of the leading non-profit educational institutions, is committed to providing quality education that fosters students' personal and skill development. Guided by the school's motto — "Each year, we will be better than we were the year before" — the Advisory Board was restructured to serve as an active platform for idea exchange, experience sharing, and continuous school improvement.

The board consists of six specialized committees, each focusing on specific areas that aim to enhance educational quality and support services:

#### MARKERS COMMITTEE

Develops academic performance evaluation standards and accurate indicators that reflect students' true abilities.

#### EDUCATIONAL QUALITY COMMITTEE

Focuses on improving curricula and teaching methods to ensure the highest standards of educational excellence.

#### COMMUNICATION COMMITTEE

Aims to strengthen communication channels between the school, parents, and the wider community to foster active engagement in the educational process.

#### FACILITIES COMMITTEE

Oversees the development and maintenance of the school's physical environment and infrastructure.

#### TECHNOLOGY COMMITTEE

Works on integrating modern technology into the learning process and training teachers and students to use it effectively.

#### STUDENT INTERNSHIPS COMMITTEE

Provides students with field training opportunities that enhance practical skills and prepare them for the job market.

The board brings together a distinguished group of experts from diverse fields, enabling it to provide strategic advice and support to school leaders in making informed, experience-based decisions.

Through the efforts of its committees, the Advisory Board continues to contribute to achieving the strategic goals of Dhahran Ahliyya Schools, enhancing the quality of education, and fostering a culture of continuous improvement that benefits students, parents, and the broader community.

## Our Vision:

A Pioneering and Influential Community.

## Our Mission:

Supporting and empowering the Dhahran Ahliyya Schools community through distinctive programs and initiatives.

### **Annual Alumni Gathering – “The Beginning of the Story”**

The Annual Alumni Gathering was held on Wednesday, December 25, 2024 (24 Jumada Al-Awwal 1446 AH) under the theme “The Beginning of the Story”, highlighting the journey from school to leadership and professional achievements.

The event was attended by Sheikh Khaled Al-Turki, Founder of the Schools, Dr. Sally Al-Turki, educational leaders, corporate representatives, and alumni, with over 200 participants.

The program included a variety of segments, starting with the symbolic “First Bell,” bringing alumni together for networking and reflection on their shared journey.

**One of the main highlights was the renewal of the Business Administration Students Training Initiative through the signing of six cooperation agreements with major companies founded or managed by school alumni, including:**

- Al-Turki Holding Company – Alumni: Rami Al-Turki
- Tamimi Markets – Alumni: Abdulaziz Al-Tamimi
- Al-Dawaa Medical Services – Alumni: Mohammed Al-Faraj
- Chubb Al-Arabiya Insurance – Alumni: Abdulaziz Al-Khuraiji
- Hamad Mohammed Al-Ruqeeb & Sons Trading Company – Alumni: Hamad Al-Ruqeeb
- Al-Manea Hospitals – Alumni: Manea Al-Manea

This initiative provided training for 15 Business Administration students, reflecting the strong collaboration between the school, its alumni, and their partners in the private sector.

### Continuing the Success of the Cooperative Training Initiative

Following the remarkable success of the inaugural Cooperative Training Initiative in 2023/2024, DAS launched the second edition of the program in 2024/2025, in collaboration with the DAS Alumni Council. Building on the achievements of the previous cycle, this edition expanded participation by engaging additional partner companies and offering a broader range of training opportunities for students, particularly those pursuing administrative pathways and beyond.

The initiative enhanced students' practical training experiences and professional development, serving as a vital bridge between academic learning and real-world application. It reflected DAS's ongoing commitment to fostering collaboration among the school, alumni, and the private sector, creating training environments that aligned with the evolving demands of the labor market.

This edition encompassed diverse training opportunities across 7 companies representing multiple sectors, including technical, administrative, medical, and educational fields. 15 students participated in structured workshops and advisory sessions with company representatives, undertaking practical training periods of up to 6 weeks within the partner organizations.

The program's success was reflected in its ability to enrich students' hands-on experience, strengthen their professional competencies, and enhance their preparedness for future employment. Participants reported high levels of satisfaction, highlighting the initiative's role in broadening their professional perspectives and bolstering their confidence in authentic work environments.

The Cooperative Training Initiative continued to serve as a cornerstone of DAS's mission to empower students—cultivating a skilled, adaptable generation equipped to navigate the dynamic challenges of the modern labor market.

Alumni+ Council

Annual Alumni Gathering

## Community Initiatives

The Council continued its humanitarian and social role through a series of initiatives promoting a spirit of social responsibility, including:

**Blood Donation Campaign – “Sharing Life Together”** In partnership with Al-Manea Hospitals, the campaign was held on April 20, 2025, with participation from over 30 donors including school staff and alumni. The campaign aimed to promote a culture of volunteerism and community service.

## Council Participation in the Youth Forum

At the invitation of Gulf girl Charity Association, the Council participated in the forum, which highlighted the cultural and heritage role of youth in the local community. Council members learned about the association's programs, including activities and the Archaeology Museum, and also took part in the forum's national-themed segments.

## Class of '15 Kidney Transplant Initiative

During Ramadan 1446 AH, alumni of the Class of '15 launched a donation campaign in collaboration with Ithar Association to support three individuals in urgent need of kidney transplants.

## Career Opportunities Awareness” Workshop in Collaboration with Rawabi Holding Company

Alumna Fatimah Al-Hawas (Class of '15) conducted an interactive workshop in collaboration with the company's team, attended by 12 high school students. The workshop aimed to introduce students to workplace skills and career guidance procedures.

## Ramadan

During Ramadan, the Council organized a series of programs to promote physical and spiritual well-being, including:

**Walking Challenge via “Rased” App**  
**Guided Quran Recitation Program** Led by Mr. Ali Hassan, with participation from alumni and school staff, creating a spiritually enriching atmosphere.

## Active Participation in Major School Events

The Council participated in various major school events, including:

Graduation Ceremony

Progress Day

“Artist’s Brush” Exhibition as part of the Records Day activities, supporting

student creative talents in its 4th edition on February 5, 2024

## Council Elections for Candidacy – 4th Term (2025-2028)

In 2025, a significant milestone was reached with the launch of the election campaign for the 4th term (2025-2028). The broad participation reflected alumni awareness and enthusiasm to contribute to the Council's development and continuity.

Voter turnout: 589 alumni (male) and 526 alumnae (female), totaling 1,115 votes. Invalid votes: 53, due to not meeting eligibility criteria.

The election process was transparent and well-organized, reinforcing a culture of participation and decision-making within a school environment proud of its alumni.

## Closing – Handover with Confidence and Responsibility.

The Council concluded its term before the summer break by holding a handover meeting between the 3rd-term and 4th-term leadership teams, in an atmosphere of confidence and optimism. Members reaffirmed their commitment to working collectively to continue empowering and supporting the Dhahran Ahliyya Schools community and its alumni, both locally and internationally, through sustainable development and collaboration.

## **Confident Steps Towards Global Excellence: Our Schools Achieve Full International Baccalaureate Authorization .**

Our schools are proud to announce that they have been granted authorization for both the International Baccalaureate Diploma Programme (DP) and the Career-related Programme (CP) by the International Baccalaureate (IB) Organization. This milestone adds another chapter to the academic and educational excellence that our schools have consistently pursued.

We are honored to be the first school in the Eastern Province to receive full IB authorization, a recognition that reflects our leadership and commitment to applying international standards in education quality, providing a stimulating learning environment, and equipping students with critical thinking and research skills that prepare them for success in higher education and their future careers.

This achievement is a testament to the dedication and hard work of our team in realizing the school's vision of preparing a generation of learners who can contribute effectively to both their local and global communities.

## Excellence Awards

## **Excellence Award**

We are proud to announce that our schools have been recognized at the Kingdom level, receiving the Excellence Category Award at National Forum for School Excellence. Additionally, we were honored with 7 trophies from the Education and Training Evaluation Commission for our outstanding achievements.

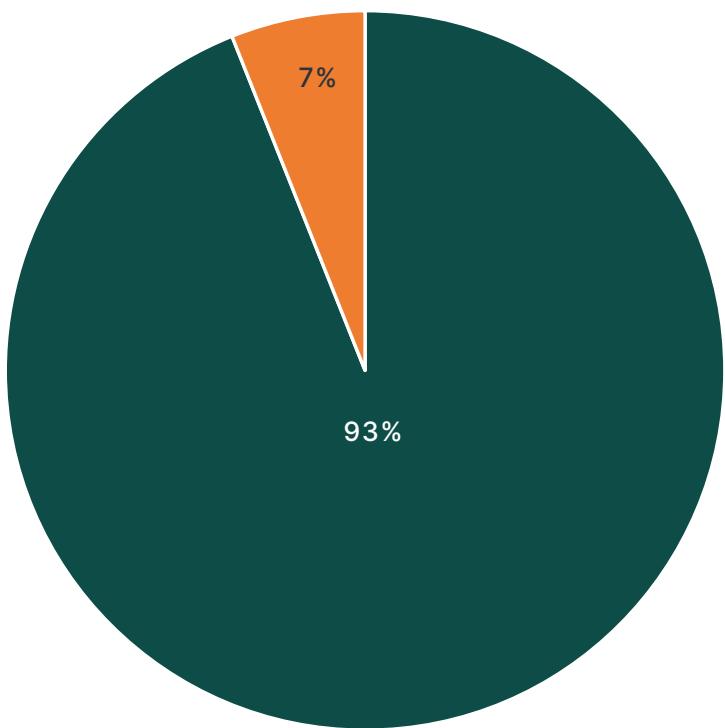

Under the leadership of Dr. Sally Al-Turki, our schools also signed the school accreditation agreement with the Education and Training Evaluation Commission at the Forum.

This recognition highlights our ongoing commitment to innovation and continuous improvement, reinforcing our position as a leader in education.

We take great pride in this achievement and look forward to further successes as we continue to develop our students' skills and enhance the educational experience.

### University Acceptance Rate for Our Students

We are proud to announce that over the course of the past eight years (2018-2025), 25.4% (280 students) of our graduates have been accepted into the top 30 universities in the world according to the QS ranking system recognized by the Ministry of Education.

Over the same period, 36.9% (405 students) were accepted into the top 50 universities.

From the class of 2025, 4.3% (6 students) were accepted into Aramco's CPP and 4.3% (6 students) into KAUST.

From the class of 2027 (Currently grade 11), 10% (23 students) got accepted into MISK Distinction Program.

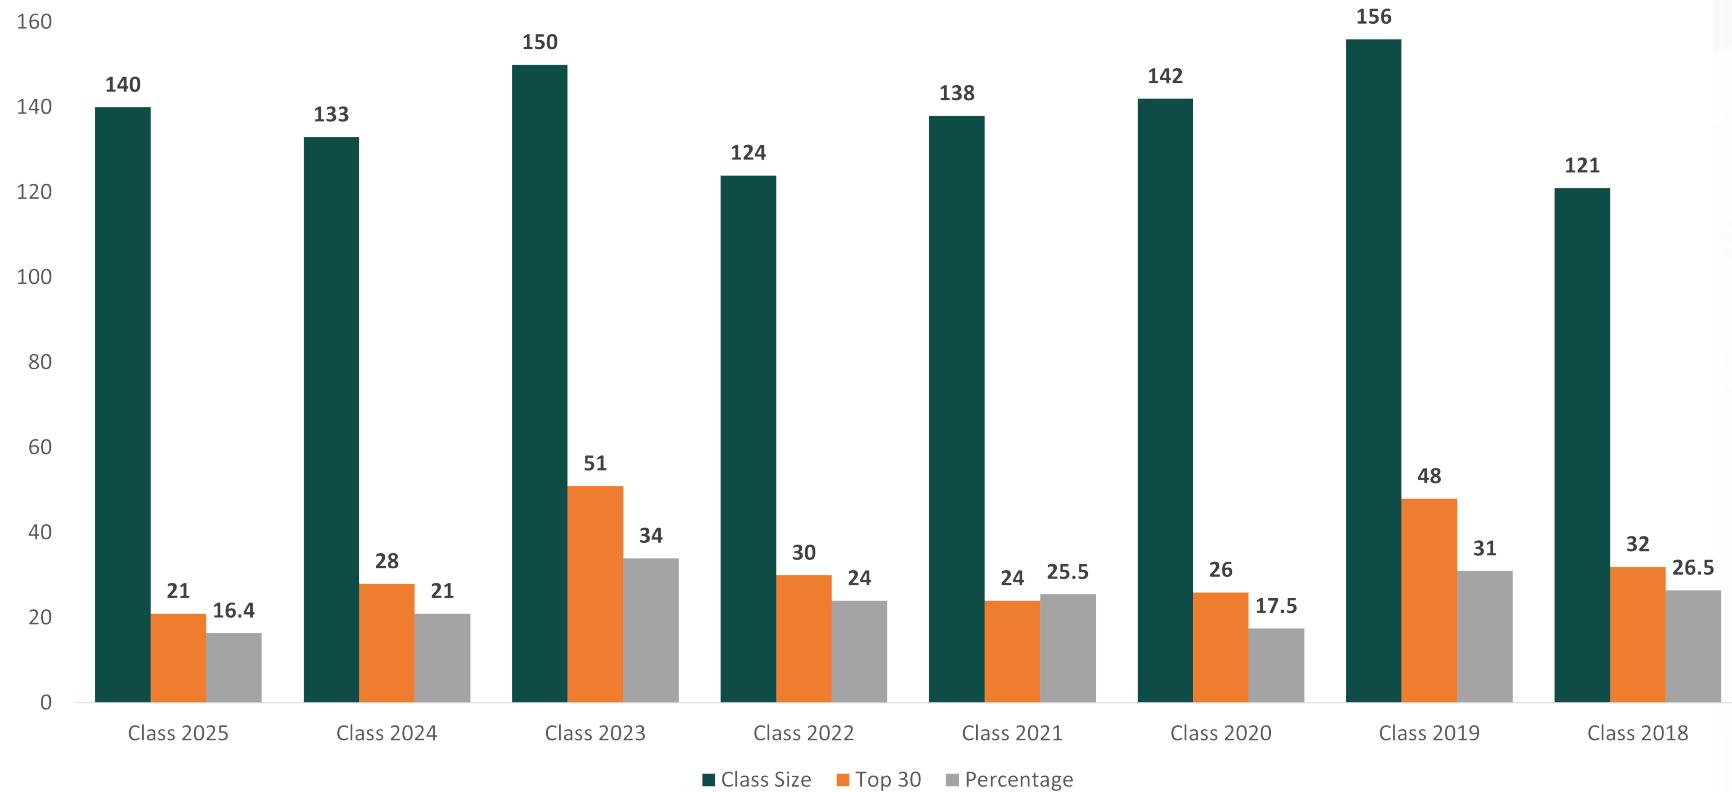

In addition to academic and extracurricular achievements, our students have also participated in meaningful community service projects in our own area, in Riyadh, Dammam, Jordan, Greece, and Japan, 100% (92 students), fulfilling our mission that each student will "make a positive difference, locally and globally".

### WEEK WITHOUT WALLS (WWOW)

Week Without Walls (WWoW) is an immersive educational experience that extends learning beyond the traditional classroom environment. It engages students in hands-on, real-world projects designed to cultivate service, leadership, problem-solving, and reflective thinking.

During this week, students step outside standard routines to work directly with communities, explore social and environmental challenges, and participate in authentic learning experiences.

They develop practical skills, global awareness, and social responsibility, while strengthening qualities such as empathy, initiative, and resilience.

#### RIYADH

Professional Development of Our School Staff

## INTRODUCTION:

The school places great emphasis on developing its educational staff through a variety of internal and external training programs. For internal training, topics are carefully selected based on the needs of the academic teams and delivered through interactive sessions and activities that reflect teachers' practical experiences. Weekly professional development meetings are also held every Tuesday throughout the academic year, during which students are dismissed early to allow all staff members to attend and actively participate in workshops.

As for external training, several staff members are nominated to participate in workshops held both inside and outside the Kingdom, in alignment with each team's specific goals and development needs.

### Review of Procedures and Alignment with IB Standards:

Members of the academic teams conducted a thorough reflection on their practices in light of the International Baccalaureate (IB) documents and standards. This reflective process led the professional learning community to agree on three key development plans:

- Implementing the inquiry-based learning strategy across all instructional units in accordance with defined IB standards.
- Enhancing 21st-century skills and fostering students' intrinsic motivation by empowering teachers to translate theoretical knowledge into practical classroom applications.
- Reviewing curricula and core standards to bridge existing gaps, while exploring the latest global educational research and applying it to improve teaching practices through effective learning strategies that connect education to real-life experiences.

### Additional Focus Areas:

- Integrating 21st Century Skills into unit plans across all grade levels.

Continuing the development of the Diploma Programme (DP) and the Career-related Programme (CP) within the International Baccalaureate framework, following accreditation, to ensure sustained quality and the achievement of development goals

DP Programme Assessment procedures	Multiple sessions throughout the school year	DP teachers	Internal training
ManageBac system	Multiple sessions throughout the school year	DP teachers	Internal training
TOK Training	Multiple sessions throughout the school year	DP teachers	Internal training

### DHAHRAN AHLIYYA SCHOOLS' STRATEGY ACCORDING TO THE PLAN FOR CONTINUOUS PROGRESS IN LEARNING (PCPL)

The Continuous Improvement Strategy at Dhahran Ahliyya Schools reflects the school's mission through the practice and application of Professional Learning Community (PLC) principles. This strategy involves engaging all staff members in an ongoing professional growth program that enables them to continuously evaluate and analyze school performance, and to develop the most effective systems, educational methods, and enrichment programs for our students.

During the 2024–2025 academic year, a total of 132 staff members were evaluated — 119 academic staff and 13 admin staff — to ensure consistent performance monitoring and the achievement of the highest quality standards. The following chart presents the detailed figures for each level.

<u>Academic Support</u>	
Level	Number of Teachers
Level A	25
Consistency Level	37
Level B 1	23
Level B 2	19
Level B 3	15
Total	119

<u>Admin Staff</u>	
Level	Number of Admin Staff Members
Level A	4
Level B 1	4
Level B 2	3
Level B 3	2
Level B 4	0
Total	13
